Great -- We'll make a couple minor tweaks for each and plug in a couple bullets on boiler mact status. Tomorrow work?

Let me send you what I already have on NSR and NAAQS reform and let me know if you think that's sufficient. Trying to minimize your work if possible.

Alex and Clint,

On Thursday, the Deputy is speaking to the American Forest and Paper Association's Board of Directors Meeting and I'm preparing his remarks. Two particular OAR issues they highlighted in the attached briefing paper are biomass and Boiler MACT. I don't have anything on the Boiler MACT issue. Would you all be able to get me some brief talkers on that issue? I have old talkers on biomass (see below). Can you let me know if any updates need to be made to these?

Thanks!
Chris
